Stewart,

I am working on getting a signed copy. When I have one I will pass it along to everyone. It was approved out of this office, and through OSWER IO I believe, but the signed copy has not appeared in CMS yet.

Thanks,
Melissa

Melissa, Brad is the RPM for the Florida Phosphate site. Could you send him a copy of the version of the letter sent over to OSWER and when and if you have heard anything about when it might get signed? I am on travel

Can you all give us an update and forward the latest draft?
